These awards recognize local public utilities, government agencies, regional commissions, non-profits, and watershed organizations that have exceeded standards in implementing the five Adopt-A-Stream goals.

The goals of Georgia Adopt-A-Stream are (1) Increase public awareness of the State's nonpoint source pollution and water quality issues, (2) collect quality baseline water quality data, (3) gather observations, (4) encourage partnerships between citizens and their local government, and (5) provide citizens with the tools and training to evaluate and protect their local waterways.

Please complete a narrative describing how your program met the five goals of Adopt-A-Stream. Your narrative must not exceed 3 pages in length. All answers should reflect the appropriate calendar year of the award. Please include any supporting documentation (promotional materials, training materials, newspaper clipping, etc.) with your application.

Submit your completed application by:
