These awards recognize local public utilities, government agencies, regional commissions, non-profits, and watershed organizations that have exceeded standards in implementing the five Adopt-A-Stream goals. All nominations must include a narrative that is no more than 3 pages in length. The margins must be 1 inch with 12 point Times New Roman font. Please follow the example application from the State Office (notify us and we will send it to you).

The goals of Georgia Adopt-A-Stream are (1) Increase public awareness of the State's nonpoint source pollution and water quality issues, (2) collect quality baseline water quality data, (3) gather observations, (4) encourage partnerships between citizens and their local government, and (5) provide citizens with the tools and training to evaluate and protect their local waterways.

All answers should reflect the appropriate calendar year of the award. Please include any supporting documentation (promotional materials, training materials, newspaper clipping, etc.) in the appendix of your application.

Please attach this application cover sheet to your narrative describing how your program met the five goals of Adopt-A-Stream.

****Winners cannot be awarded consecutive years**
